

## Soft Scrubs™

Made of incredibly soft material for the comfort and safety needed to work long hours.

Soft Scrubs™ provides modesty with complete “no show through” coverage. This clothing can be worn as a protective undergarment where sterile gowning is used. After each use, clothing can be disposed of to help reduce the spread of germs, bio-burdens, or contagions.

## Benefits

Throughout hospitals, clinics, veterinary offices, pharmacies, and dental offices around the globe, one of the most widely used medical protective clothing items are scrubs. Health workers and medical professionals rely on them daily to protect against bio-burdens—both seen and unseen.

When you need a quick and easy solution to fight germs, bio-burdens, and contagions, Soft Scrubs™ are equally as effective as they are comfortable. Each disposable scrub garment is designed with anti-static fabric and includes a cloth loop to conveniently hang up clothing.

Soft Scrubs™ apparel is incredibly soft and breathable, helping you stay cooler over long hours. Our scrubs are made of blue, three-layer SMS fabric that provides modesty with complete “no show through” coverage.

### Disposable

Skip the laundry and enjoy the convenience of disposable scrubs. No more carrying clothes back and forth. Simply throw them away at the end of a shift.

### Anti-Static Fabric

Fabric is anti-static to prevent electrostatic discharge.

### No-Show Through

Fabric is designed for “no-show” through coverage.

### Easy Cloth Hanging Loop

Quickly hang clothing items up with the attached hanging loop for an easier donning and doffing process.

### Blue color masks stains

The dark blue color helps hide stains while you're on the go.

### Soft and Comfortable

Garments are incredibly soft and breathable so you can feel cool and comfortable hour after hour.
